

STAY UP TO DATE AT ALL TIMES

KONE Online and KONE Mobile

STAY UP TO DATE AT ALL TIMES

Using our new digital channels, you and your team can stay up to date on the status of equipment and maintenance work around the clock.

Easily monitor all our maintenance work through online communication and reporting systems that provide real-time information on the condition of your elevators, escalators, and automatic doors – including details on repairs and their associated costs.

KONE ONLINE – INFORMATION ON OUR MAINTENANCE WORK WHEN YOU NEED IT

- With KONE Online, you can easily access and track maintenance provided by KONE as well as check the status of your equipment and any ongoing maintenance activities.
- KONE Online also shows you detailed information on maintenance, repairs, and call-out history, including contract and invoicing information.
- You can also create your own custom reports and send them by email. Reports provide details on the tasks carried out and their respective costs. This makes planning and budgeting easier, allowing you to budget for next year's maintenance and modernization well in advance.

KONE MOBILE – REAL-TIME UPDATES ON THE GO

- Would you like a heads-up when your maintenance work is starting and when it's all done?
- With our great app, you can:
 - Receive service status notifications for the entire process from service request registration to completion of the work
 - Make maintenance service requests using the app instead of having to call KONE
 - Get in touch with your KONE contacts with a single tap

Dedicated to People Flow™

KONE ONLINE AND KONE MOBILE ARE AVAILABLE FOR OUR MAINTENANCE CUSTOMERS
